Returns and Refund Policy

Version 3.2, effective March 1, 2026. Applies to all stores and online orders.

Standard returns

Customers may return most items within 30 days of purchase or delivery for a full refund, provided the item is unused and in its original packaging. A receipt, order number or the card used for payment is required.

Opened items in resalable condition may be returned within 30 days for a refund minus a 10% restocking fee. Store managers may waive the restocking fee for customers with a contractor account.

Refund method and timing

Refunds go back to the original payment method. Card refunds are issued within 2 business days and may take up to 10 business days to appear, depending on the bank. Cash purchases over $200 are refunded by check, mailed within 7 days.

Without a receipt, customers receive store credit at the item's lowest selling price in the previous 60 days, up to a limit of $150 per customer in any 12 months.

Exceptions

The following can't be returned for a refund unless they are defective: paint tinted to order, cut-to-length wire and chain, live plants after 14 days, and special-order items, which carry a 15% restocking fee if the order is cancelled after it has shipped from the supplier.

Power tools may be returned within 30 days if unused. Used power tools are handled under the manufacturer's warranty, not this policy.

Defective and damaged items

Items that are defective may be exchanged within 90 days of purchase. After 90 days, defects are handled under the manufacturer's warranty; staff should help the customer start the claim. Items damaged in delivery must be reported within 48 hours of delivery with a photo, and are replaced at no charge.

Seasonal returns

Seasonal garden products bought between March 1 and June 30 may be returned until July 31 of the same year. Holiday lighting may be returned until January 15 of the following year.

Approvals

Any refund over $500 needs approval from the store manager. Refunds over $2,000, or more than three refunds to the same customer in 30 days, need approval from the regional manager and must be logged in the returns register.

Fraud prevention

Staff should refuse returns of items that don't match our records or show signs of use beyond inspection, and refer the customer to the store manager. Never argue with a customer; record the details and escalate.
